## AGREEMENT IS REACHED

Council Accepts Railway's Notes  
For Street Paving

## COL. PAYNE HERE FOR CONFERENCE

Meeting of Street Committee, Lasting  
Six Hours, Results in Amicable Under-  
standing—Company's Share of  
Cost Amount to About \$25,000.

Colonel W. J. Payne, president of the Newport News and Old Point Railway and Electric Company, appeared before the street committee of the Hampton city council yesterday morning, and an agreement was reached relative to the company's portion of the new street paving.

The committee met at 9 o'clock in the council chamber and it was nearly 1 o'clock, when adjournment was taken.

According to the opinion of City Engineer Girard Chambers the cost to the railway company for paving, will be approximately \$25,000. This will include the paving in old, as well as the new, section of the city. Colonel Payne offered some objection to including the amount assessed against the railway company in the new district, but the conference was very harmonious and resulted in a satisfactory settlement.

**Council Accepts Notes.**  
The council will accept the notes the railway company for \$25,000 payable in one, two and three years.

The committee further settled the differences with Mr. J. M. Willis over the dedication of Armistead avenue, and Mr. Willis will soon give the city a deed to the street.

Mr. Robert L. Mason, representing himself and the estate of the late Colonel Thomas Tabb, has agreed to give the city ten feet along the north side of East Queen street and two and one half feet on the southern side, while Mr. George A. Schmolz will give the city two and one half feet along his property. This will make East Queen street, extended, one of the most beautiful thoroughfares in Tidewater Virginia.

City Engineer Girard Chambers has about completed the plans and specifications for the street paving.

It is understood that Mayor Jones will likely call a special session of the city council for next Tuesday night, when the street committee will be ready to make its final report on paving.

## DUN'S REVIEW SAYS OUTLOOK IS BRIGHT

Maintenance of Trade Revival Remarkable Because This is Usually Dull Season.

(By Associated Press.)

NEW YORK, July 9.—R. G. Dun & Company's weekly review of trade tomorrow will say: "No one can now question the substantial character of the revival in the iron and steel trade which is rapidly rising to high water mark levels. The wonderful change in a short period, in the activity of the greatest manufacturing industry of the country, the bright outlook for the crops, that of corn giving promise of an unprecedented yield; the cheapness of money, and the fact that the tariff bill has been passed by the Senate; these are the conspicuous features of the business situation."

The maintenance of trade revival is all the more remarkable because this is the usual season of crop uncertainty and mid-summer mercantile dullness.

Revision of cotton goods and cotton yarn prices in an upward direction is underway and many lines of goods have been temporarily withdrawn from sale pending a more settled market.

While higher prices are considered inevitable, purchasing conditions are not of a character to warrant an immediate rise in prices. Further advances have again been scored in the hide market. Leather buyers continue to operate at advanced prices in all kinds of leather, especially in heavy weight stocks. Shipments for the week show a slight increase over the week previous.

## TILLMAN RELEASED ON BAIL BY THE MAYOR

Mother and Friends of Man Who Shot Percy Bowry Come to His Assistance.

Paul T. Tillman, who shot Percy Bowry, in a rear room of J. J. Barnes' saloon at an early hour Thursday morning, yesterday was admitted to bail by Mayor L. P. Furness, of Phoebus. Tillman is to appear before Mayor Furness on Monday, July 19, when the preliminary trial will be held. From all accounts the shooting was purely accidental, as stated by B-wry himself.

Mrs. Cora L. Tillman, the mother of the accused man, and Mr. William Pierce, came to Hampton from Richmond, while Mr. W. F. Steele, secretary of the Charlottesville Lodge of Elks, also got here on the morning train to assist young Mr. Tillman in his trouble. Messrs. David Franklin and Julian C. Council became the bondsmen for Tillman, and Mrs. Tillman also signed the bond. The mayor required a bond of \$1,500. Mr. W. H. Power, the Phoebus attorney, was present and represented Mr. Tillman. It is understood that when the preliminary hearing occurs Mr. F. S. Collier will assist Mr. Power in the case.

Mrs. Tillman is the widow of Mr. John Tillman, for many years a merchant in Charlottesville. She now resides in Richmond and comes of a splendid family. Young Tillman spent two years studying medicine at the University of Virginia.
